From Brand: Psychology Press : Handbook of Divorce and Relationship Dissolution (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Handbook of Divorce and Relationship Dissolution (Volume 2):

0 of 0 people found the following review helpful. Research sound but does not always include current therapeutic approachesBy EdThis book compiled research on many different aspects of divorce, which was valuable. For couples counseling, some of the most recent therapeutic approaches - Emotionally focused couples therapy and Relationship life therapy - were not discussed.0 of 0 people found the following review helpful. Five StarsBy Maria G RodriguezPerfect

This Handbook presents up-to-date scholarship on the causes and predictors, processes, and consequences of divorce and relationship dissolution. Featuring contributions from multiple disciplines, this Handbook reviews relationship termination, including variations depending on legal status, race/ethnicity, and sexual orientation. The Handbook focuses on the often-neglected processes involved as the relationship unfolds, such as infidelity, hurt, and remarriage. It also covers the legal and policy aspects, the demographics, and the historical aspects of divorce. Intended for researchers, practitioners, counselors, clinicians, and advanced students in psychology, sociology, family studies, communication, and nursing, the book serves as a text in courses on divorce, marriage and the family, and close relationships.
