Harmon Caldwell : Harmon Caldwell's Georgia Divorce Handbook: A Guide for Navigating the Divorce Process before purchasing it in order to gage whether or not it would be worth my time, and all praised Harmon Caldwell's Georgia Divorce Handbook: A Guide for Navigating the Divorce Process:

0 of 0 people found the following review helpful. I'm glad that I bought the paperback version it was only \$7.95By Debra V.Very unhappy with the book. I saw Harmon Cardwell on a local Atlanta talk show, I was going am still going through a horrible divorce. I ordered the book about 9 months ago. It told me nothing that I didn't already know. It was so basic that there was no point in reading it. I do have legal experience, so that could be the reason that the book seemed so ridiculous, but I think that anyone with common sense would know the information given in this book. Save your money! Go online research GA divorce laws you will find everything that was covered in the book, plus a lot more information!0 of 0 people found the following review helpful. Good informationBy C. B.This was a great book for me as a Legal Assistant that is new to Family Law. It was full of information and simplified a lot of things

Drawing on his decades of experience in family law, Harmon Caldwell takes an otherwise complicated subject and condenses the entire divorce process down to easy-to-follow steps in his "Georgia Divorce Handbook." This reader-

friendly guide provides a general overview of the primary issues to be familiar with regarding divorce in Georgia, ranging from the decision to seek a divorce and finding a lawyer to the typical steps of the legal process and the common problems that may arise. Other topics explained in this handbook include: how to find a lawyer and questions to ask at an initial meeting; the grounds for divorce in Georgia; some common issues in divorces, such as separate property, equitable division, and alimony; child custody, visitation, and child support; the pros and cons of using private detectives; the role of recording devices and social media; and what to expect in a trial. Whether you are thinking about divorce, involved in a divorce already, or simply want to know how the divorce process works, this book will be an invaluable tool.
