Janice L. Kazmier : Health Care Law before purchasing it in order to gage whether or not it would be worth my time, and all praised Health Care Law:

0 of 0 people found the following review helpful. Three Stars By K. Watkins not very detailed, could not use it well on my exam 0 of 0 people found the following review helpful. One Star By VBH Too basic 1 of 1 people found the following review helpful. Terrific source of information By Beth Alison Maloney This is a comprehensive, clear guide to Health Care Law. It covers a vast area in a well-organized, clear fashion and is chock full of valuable information.

Health Care Law provides essential information necessary for students pursuing careers in the growing health care sector, as paralegals, managers, or compliance/ethics professionals. This text offers students easy-to-read chapters that provide outlines, learning objectives, summaries, and exercises to assist students with comprehension. Chapters focus on key information such as the types of health care entities, and the laws and ethics that govern them, and discuss the major areas of health care law, including regulatory research and administrative law review. Also highlighted are

important contemporary topics like electronic health records, corporate compliance, HIPAA privacy and security, physician professional relationships, and prepares students for their careers with real-world examples.
