Multiple Authors : Health Care Litigation Strategies: Leading Lawyers on Analyzing Recent Health Care Litigation Trends, Developing Successful Case Strategies, and Protecting Client Rights (Inside the Minds)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Health Care Litigation Strategies: Leading Lawyers on Analyzing Recent Health Care Litigation Trends, Developing Successful Case Strategies, and Protecting Client Rights (Inside the Minds)*:

Health Care Litigation Strategies provides an authoritative, insider's perspective on best practices for litigating health care disputes. Featuring partners from some of the nation's leading law firms, this book guides the reader through the latest updates in health care law and analyzes how the government's strict enforcement policies are impacting clients, lawyers, and the health care industry as a whole. These top lawyers examine the various civil, administrative, and criminal issues at both the state and federal level that can arise in health care litigation and provide strategies for how to approach them. From controlling costs and developing a solid attorney-client relationship to communicating with government officials and working with experts, these authors discuss how to align a client's goals with the existing regulatory framework and business objectives. Additionally, these leaders divulge tips for facilitating successful negotiations, while still challenging administrative agency actions and considering the client's best interests. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts on the keys to success within this contentious field. *Inside the Minds* provides readers with proven business and legal intelligence from leading C-Level executives and lawyers. Each chapter offers thought leadership and expert analysis on an industry, profession, or topic, providing a future-oriented perspective and proven strategies for success. Each author has been selected based on their experience and C-Level standing within the business and legal communities. Chapters Include: 1. Greg Luce, Partner, Skadden, Arps, Slate, Meagher Flom LLP - "Defending the Health Care Industry Against the Government's Expanding and Novel Theories of Liability" 2. Gregory N.
