aa : Health Law, Cases, Materials and Problems, Abridged (American Casebook Series) 6th (sixth) Edition by Barry R. Furrow, Thomas L. Greaney, Sandra H. Johnson, Timot published by West (2008) before purchasing it in order to gage whether or not it would be worth my time, and all praised Health Law, Cases, Materials and Problems, Abridged (American Casebook Series) 6th (sixth) Edition by Barry R. Furrow, Thomas L. Greaney, Sandra H. Johnson, Timot published by West (2008):

This abridged edition continues to use the broad organization that health law teachers and students found so helpful in the last six editions. Notes material has been trimmed substantially and some cases and sections of the primary casebook have been deleted. The authors' goal was to create a book better suited for schools that have curricular space for only one course, including medical schools and schools of public health.
