Belinda Bennett : Health Law's Kaleidoscope: Health Law Rights in a Global Age (Applied Legal Philosophy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Health Law's Kaleidoscope: Health Law Rights in a Global Age (Applied Legal Philosophy):

Within contemporary society the themes of globalization, health and regulation interlock in complex patterns, changing in response to the mix of cultural differences, regulatory preferences and available resources. To turn the kaleidoscope and to change the mix is to change the pattern. This book is about those patterns as they arise in the contemporary legal, health and ethical context, exploring the transformations and challenges brought by technological change and the regulatory options in the contemporary global village.

About the Author Belinda Bennett is Director of the Centre for Health Governance, Law and Ethics | Faculty of Law, University of Sydney, Australia
