**Enodare : Healthcare Power of Attorney Living Will Kit** before purchasing it in order to gage whether or not it would be worth my time, and all praised Healthcare Power of Attorney Living Will Kit:

2 of 2 people found the following review helpful. easy to completeBy RJ ShockleyThere was a compatibility issue with the documents while trying to print. I had no issue with other documents in the last will and testament kit I purchased from the same publisher. It may have been a problem with my particular system. The documents themselves are detailed; easy to complete; and the instructions were helpful. Do check your own state's laws for requirements for any legal documents as these are very general.0 of 0 people found the following review helpful. nopeBy Kristienot what i know a living will is suppose to entale0 of 0 people found the following review helpful. This Healthcare Power of Attorney Living Will Kit allows you to appoint an agent to make medical decisions on your behalf when you are unconscious, mentally incompetent or otherwise unable to do so yourself. It also allows you to set out your preferences regarding the receipt or non-receipt of life sustaining medical treatments during any period in

which you are permanently unconscious or suffering from a terminal illness and unable to communicate your wishes. Even if you have executed a healthcare power of attorney or a living will, you still have the right to give medical directions to physicians and other healthcare providers as long as you are able to do so. These documents only become effective when you do not have the capacity to give, withdraw or withhold informed consent regarding your healthcare. This Kit contains all the information and ready-to-use lawyer prepared legal forms and documents necessary to create a combined Healthcare Power of Attorney and Living Will. It also contains all the documents and forms necessary to revoke that document.

About the AuthorENODARE, the international self-help publisher, was founded in 2000 by a group which included lawyers, entrepreneurs, business professionals, authors and academics. Our aim was simple - to provide access to quality business and legal products and information at affordable prices. Our publications provide customers with the confidence and knowledge to help them deal with everyday issues such as setting up a company, running a business, preparing a tenancy agreement, making a last will and testament and much more. By providing customers with much needed information and forms, we enable them to protect both themselves, their families and their businesses through the use of easy to read documents and forward planning techniques.
