A great learning experience for anyone who believes in human rights!By CustomerThis book is being used in my Domestic Violence class this semester, and it has brought a great amount of awareness about this topic across the world. I have been shocked to learn the horrors that many women suffer across religions, economic circumstances, and developed countries. I am also intrigued at how men suffer from domestic violence, but it seems like a taboo topic. Prostitution, child abuse, and elder abuse are covered here as well.

This is a great book with very insightful information. You will not be disappointed with the purchase of this book!1 of 1 people found the following review helpful. ... class and when I first got it I was like okay I know enough about Domestic ViolenceBy Kizzy LewisI used this book in my Domestic Violence class and when I first got it I was like okay I know enough about Domestic Violence. However this book is really helpful in teaching about Domestic Violence all over the world. I liked learning new terms like Dowry. I also liked how it was easy to read and really made it clear about the challenges victims face. I liked that it looked in to more areas then just female victims or children. This book made my class very informative.0 of 0 people found the following review helpful. Decent BookBy Mrs. HoneybeeHad to purchase for school.
