**David Hershman, Andrew McFarlane : Hershman and McFarlane Children Act Handbook 2004** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hershman and McFarlane Children Act Handbook 2004:

Published annually, this book provides a single volume source of key children proceedings legislation in the UK. It contains consolidated, fully amended and annotated texts of the Children Act 1989, relevant sections of the Family Proceedings Rules 1991 and other key legislation in one easily portable volume. Since implementation in 1991 of the Children Act, all this legislation has been constantly amended and finding a reliable, up-to-date and yet still portable source has been difficult. This book meets this need and is valuable to child practitioners, judges and social workers.
