Andrew McFarlane : Hershman McFarlane: Children Act Handbook 2014/15 before purchasing it in order to gage whether or not it would be worth my time, and all praised Hershman McFarlane: Children Act Handbook 2014/15:

0 of 0 people found the following review helpful. The most up to date portable reference....By Phillip Taylor
MBETHE MOST UP TO DATE PORTABLE REFERENCE TOTHE CHILDREN ACTAn appreciation by Phillip

Taylor MBE and Elizabeth Taylor of Richmond Green Chambers Published by Family Law, an imprint of Jordan Publishing Limited, this is a convenient single volume work of reference to key children proceedings legislation and related guidance. The book is the answer to the practitioners prayer for a convenient portable reference containing the relevant and completely up to date legislation accompanied by expert commentary. This succinct format places at your fingertips the consolidated and fully amended texts of the Children Act 1989 and the relevant provisions of the Family Procedure Rules 2010, together with supporting practice directions. Purpose-designed for portability and convenience, this is the book you need for court if you are in any way professionally involved in children and family matters and either an advisor or a professional. In most cases, it will certainly save you time trawling through those multi-volume loose-leaf reference works, which are rather cumbersome to haul around court. Also, if you are adjusting to the changes wrought by the new and changing Family Court structure which was implemented in the first part of 2014, you will find the book especially valuable. The book is divided into three parts which indicate the scope of its contents. Parts I and II present statutes and statutory instruments. Part III, Practice Guidance is, we think, of particular benefit to the everyday work of the practitioner and advisor. What the book does not contain, naturally, are the case law authorities, which of course will be researched separately as appropriate. If you are embarking on a career in family law or are coming back to it afresh, this book will certainly refresh and enhance your understanding of the complexities of this difficult field. A welcome consolidation of current legislation and practice guidance on children matters, a great benefit offered is that the book will be updated each year and issued as part of the subscription package to all subscribers to Children Law and Practice. But you don't have to subscribe. You can order it as a non-subscriber, which no doubt many will do and note too, that it is available as an eBook on Jordans website. Judges and social workers in this field as well as practitioners will find this title indispensable, especially in this brand new annual edition. The publication date is cited as at June 2014.

Hershman McFarlane Children Act Handbook 2014/15 provides a single volume source of key UK children proceedings legislation and related guidance. The handbook meets the need for a reliable and up-to-date source which is specifically designed for use in UK courts by all child law practitioners, judges, and social workers. It contains consolidated and fully amended texts of the UK's Children Act 1989, as well as relevant provisions of the Family Procedure Rules 2010 and supplementary Practice Directions.
