Patricia I. Carter : HIPAA Compliance Handbook, 2014 Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised HIPAA Compliance Handbook, 2014 Edition:

4 of 4 people found the following review helpful. Fourth year runningBy Isaac L.I've been using this book for about four years, this is the fourth time I'm buying an updated copy. This is a great reference for topical information that is operationalized. It's much easier to pull a topic, find the relevant information bulleted out and then cross reference any state specific areas than to drag through Westlaw and then read through one or more copies of the register.As the Compliance and Privacy officer for a payer this provides clear explanations on several topics I can reuse when in conversations with business leaders and has been a valuable reference for our inside counsel as well and her team.If you are an IT person that's coming into HIPAA compliance this is the HIPAA equivalent of a Windows Server Administrator's Companion. Not a test prep book - a quick and to the point reference for day to day decisions.0 of 0 people found the following review helpful. One of the most useful books of all of Law SchoolBy LizThis is a great

book. It's very useful!

HIPAA Compliance Handbook is intended for HIPAA coordinators, project managers, privacy officers, compliance professionals, health care record managers, and others who have the responsibility for implementing the HIPAA Privacy and Security Regulations. It contains easy-to-understand explanations of the legal and regulatory provisions. The 2014 Edition has been updated to include: Updates from the HITECH Regulations Explanation of the new standard for determining which breaches require notification to individuals and reporting to HHS Updates on who is a business associate or subcontractor, and new requirements for business associate agreements, with sample contract provisions Analysis of the new HIPAA marketing rules, including a quick-reference chart Guidance on the complexities of implementing the new right of patients under HITECH to self-pay for services and prohibit disclosures to their health plans Updates on what information must now be included in the notice of privacy practices Explanation of the new rules on fundraising, sale of PHI, student immunizations, and more Explanation of how covered entity and business associate liability has changed under the HITECH Regulations Analysis of new resolution agreements between HHS and covered entities, and other recent enforcement actions
