LearnSomething LearnSomething : HIPAA Privacy RX: The Privacy Rule and Pharmacy Practice (CD-ROM Version) before purchasing it in order to gauge whether or not it would be worth my time, and all praised HIPAA Privacy RX: The Privacy Rule and Pharmacy Practice (CD-ROM Version):

0 of 0 people found the following review helpful. quality sucked By Tissa Amie This item was a piece of junk the code was expired on cd so therefore i was behind in my class quality sucked. 3 of 3 people found the following review helpful. HIPAA RX by LearnSomething By Richard Fuelling This is a CD-ROM based program that covers all the

training mandates of the HIPAA Privacy Rule for pharmacy industry workers. The program includes job-specific training and examples for retail and other pharmacy settings. The program includes a printed certificate of completion for the student. This program is the number one accepted HIPAA compliance training course in the US. It has been adopted by over 65% of the drug store employers in the country. Over 500,000 students have taken this course. 0 of 0 people found the following review helpful. Great item! By Elainea Buchanan I bought this item on behalf of the company I work for. We are all very pleased with the purchase. The information on the DVD is accurate and easy to understand. Thanks!

A complete pharmacy HIPAA training solution that combines expert, job-specific information, this CD-ROM offers customized organizational policies and procedures (PPs) and a mechanism that builds in proof of participation. The flexible online or CD-ROM format allows pharmacies to distribute and track training quickly across widespread audiences. The CD-ROM provides corporate branding, custom training, policies and procedures, automatic tracking of employee participation, and information about managing of turnover, new hires, and employee transfers. A valuable resource for pharmacists and technicians, cashiers, and managers and administrators. Also available as an online course! [Click here to learn more!](#)
