The material is good but is really just a lot of ideas and opinions from the author. At over \$90, I would expect a much more complete book. Compared to books by Nolo Press, it's overpriced and under content. The included CD is helpful, but again, very basic. Wills and Estate AdministrationBy Kenneth VercammenI read this book from cover to cover to help me write my book for the ABA, "Wills and Estate Administration." My staff implemented many of the ideas to improve our office. The ABA has the best books for helping attorneys, and this is one of them.

This guide is logically organized to lead the attorney through the essential stages of developing a specilaty practices such as an Estate Practice. It includes everything an attorney needs to know including how to manage workload and staff and much more.
