Great book, worth buying if even considering starting a nonprofitBy Tonyhave been using this book as a guideline to creating my own nonprofit and I don't know where I'd be without it (probably \$1,800 in debt to tax professionals). It's very helpful and not too hard to read or grasp, and has guided me through each step so far in my process with great examples and "fill-in-the-blank" forms. Again definitely worth buying if considering the challenge of setting up a nonprofit corporation. Good luck, Tony0 of 0 people found the following review helpful.
