Have a great idea for a brand new Internet business? Or perhaps you want to take your existing business into cyberspace. Either way, it's easier said than done -- unless you read How to Get Your Business on the Web . This plain-English book covers every aspect of taking a business onto the Internet, helping you understand legal and technical jargon while guiding you through the paperwork involved. The book also shows you how to: * register a domain name * hire a designer and host * create a privacy policy * protect copyrights and trademarks * license content for your site

* sell online legally * accept credit cards * deal with refunds * and much more How to Get Your Business on the Web provides the forms you need -- plus step-by-step instructions to fill them out -- on CD-ROM, including a Copyright Assignment, Nondisclosure Agreement and Linking Agreement.
