Leonard Diamond : How to Handle Your Child Custody Case before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Handle Your Child Custody Case:

8 of 12 people found the following review helpful. Lacking Critical InformationBy Tim OlsonThis book, while informative and giving the MINIMAL background regarding what to expect in during a Custodial Evaluation, did not

really hit on the hard core issues one would expect so one could cover all basis of thier own evaluation, so to speak. The book did not focus as much on HOW to Handle Your Child Custody case, in as much as it did case studies of other custodial evaluations.

A comprehensive guide to the custody process. Provides samples of custody contracts and details the workings of the court system.
