**R. Kellen Bryant : How to Hire the Right Estate Planning Attorney at a Fair Price: A Consumer's Guide to Finding an Attorney, at the Right Value, to Create Your Plan, to ... Money and Make Things Easy On Your Family**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised *How to Hire the Right Estate Planning Attorney at a Fair Price: A Consumer's Guide to Finding an Attorney, at the Right Value, to Create Your Plan, to ... Money and Make Things Easy On Your Family*:

0 of 0 people found the following review helpful. Complex subject put in laymans terms. By Steve Preston The book is good at simplifying a subject that was daunting enough to put off for years the task of getting my affairs in order. The conversational style makes it a quick read that is easy to understand with a minimum of confusing legal terms. I only give it 4 stars because I found no other publication on the subject to compare it to.

Most estate planning attorneys do not publish their prices. Yet you may have heard people paying \$0 to plan their estate and others paying \$75,000. Why is this so? You may have also heard of families that have paid good money to plan their estate correctly, but end up in probate court and fighting with each other. The estate could end up being drained on attorneys' fees. These problems can be stopped by finding the right attorney--now. *How to Hire an Estate Planning Attorney at a Fair Price* is your consumer guide to finding the right attorney to protect your family and your hard earned savings. If you are looking for a place to start in your search to prepare your estate planning, then this book is your way to find the best option for you and your family. Inside this book you will discover - Whether or not an online will is right for you - How to determine if an attorney is any good - What a proper estate plan should look like - Key issues you need to consider when planning your estate - How to avoid overspending on an estate plan and getting ripped off - How to avoid an estate plan that will cause estate-draining expenses when you pass away - What types of advertising and word of mouth is useful in your search (some people will lead you to the wolves!) - and much, much more Estate planning attorney Kellen Bryant wrote this book as a consumer tool in order to help you avoid those awful attorney stories. This "in the trenches, behind closed doors" book exposes the dirty little secrets on how some attorneys practice, which cost families thousands, maybe millions. You will become empowered in your search - so that you don't overspend and you do protect your family and plan your estate correctly. Don't waste hours of your time searching in the wrong places for the wrong attorney. Order today and begin your planning on the right path.
