Highly recommend.1 of 2 people found the following review helpful. A waste of \$20By kurtThis "book" is a sales pitch. The author gives little practical advice in the 71 page book. The first 12 pages are the table of contents and about the author and his experience. the last 8 pages describe the role of the probate attorney in the probate process. The middle 51 pages have a lot of white space, large font size, pictures of a judge holding a sign, a picture of people holding hands etc. and little value. A waste of \$20.00.
