Benjamin Anosike : How to Properly Plan Your 'Total' Estate with a Living Trust, Without the Lawyer's Fees: The National Living Trust Kit before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Properly Plan Your 'Total' Estate with a Living Trust, Without the Lawyer's Fees: The National Living Trust Kit:

2 of 2 people found the following review helpful. Previous edition is excellentBy loverI am now reading the 1995 edition: the information is excellent and clear. The author is a bit wordy, nevertheless. Readers may want to start with Appendix C ("Look, Chances are you may not have an estate tax problem in the first place"), then Chapter 2 ("The primary estate planning why you should have arevoable living trust: to avoid probate") to get a better idea of which other sections of the book will be most useful.

From BooklistAnosike continues to churn out a whirlwind of self-help legal advice. He is the author of more than two dozen titles covering topics that include obtaining an immigration visa, legally changing one's name, forming a corporation, and getting a divorce. His newer guides are more pricey than similar ones on the market, but Anosike

packs his manuals with plenty of detail, and he usually addresses questions and issues within a topic more specifically than others who dispense such tips. "Total" Estate updates Anosike's 1995 Living Trust Kit. He covers revocable living trusts, probate avoidance, wills, power of attorney, and tax planning. He lists state-by-state variations in legal requirements and includes numerous worksheets and forms. David Rouse Copyright American Library Association. All rights reserved
