But I did not follow all of the suggestions, well whatever applied to my case. Now, I realize my mistakes. It is TOO late for me. For those of you buying this one and will be going through the initial process AND do not consider "Money is everything", PLEASE remember, "Divorce is NOTHING but money transactions". If you are the spouse who GAVE too much during the marriage, then REMEMBER, "You do NOT have to GIVE anymore." 0 of 0 people

An estimated 70 percent of California divorces encounter problems. This book addresses them based on the most current law, as divorce expert Ed Sherman helps both respondents and petitioners. In clear, encouraging language, he shows readers how to define strategies, protect themselves, negotiate for a fair settlement, make motions that get the courts attention, demand and obtain information from the other side, and handle the case in court, if it comes to that. Tear-out copies of court forms are included, along with a CDROM with a wealth of resources.
