Ilene R. Brenner : How to Survive a Medical Malpractice Lawsuit 1st (first) edition Text Only before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Survive a Medical Malpractice Lawsuit 1st (first) edition Text Only:

1 of 1 people found the following review helpful. This is an outstanding book that every physician should read ...By H Range HUtson MDThis is an outstanding book that every physician should read prior to their deposition, and before trial and cross examination. This book should be given to all physicians by their attorneys during the initial attorney-client interview,especially if a deposition or more is to occur. Everything is explained clearly, its very detailed, it could be read in one day. The book is very well written. Wish I had written it myself.1 of 1 people found the following review helpful. An absolute MUST read.By bayschmdEasy read. Excellent info. Highlight import parts and study them before each step in the process. Don't stop reading here! Tremendous overview.3 of 3 people found the following review helpful. MUST HAVE, 6 STAR WORTHY *****By NYThis book is a must have for any physician in a legal suit or suitable for ALL doctors who want to learn what being sued means. Very practical with references available. If you think a better book is out there, STOP LOOKING!! Buy this and keep it as a reference book. Dr.

Brenner thank you so much!!!
