The second edition of *Illinois Legal Research* shows how to find and stay current with Illinois cases, statutes, regulations, and local court rules. Focusing on state materials, it can be used as a supplement to national research texts or on its own to learn legal research. This book also explains how to locate secondary materials specific to Illinois law. Although the text was designed primarily for law students, seasoned attorneys will also appreciate the many secrets of Illinois legal research disclosed in this text. Wojcik's book includes materials on on citing Illinois under the Bluebook (for both law review formats and practice documents), the ALWD Manual, and local court rules. It is an essential book for any Illinois law library.
