**Bradley Vallerius : Illinois Medical Marijuana Law: A Practical Guide for Everyone** before purchasing it in order to gage whether or not it would be worth my time, and all praised Illinois Medical Marijuana Law: A Practical Guide for Everyone:

2 of 2 people found the following review helpful. An okay book.By Giovanni TenorioI say this book is okay but I expected more. It repeats plenty things and a real small book. So it does not cover everything i mostly wanted. Then again it did cover some things, overall was okay.1 of 1 people found the following review helpful. A must read for all IL Medical Marijuana participantsBy ChrisA great IL MMJ law intro. Very well written.

Authored by an Illinois attorney, this book is essential reading for anyone curious about working or investing in Illinois' medical cannabis industry. The complicated new law is organized and explained here in a way that is easy to understand. For people who are just beginning their own research, this book is the ideal place to start. You'll also find answers for patients and physicians. Enacted Aug. 1, 2013, the Compassionate Use of Medical Cannabis Pilot Program Act affects everyone from Cairo to Rockford. For patients it means cheap, effective relief. For local businesses and workers it means a jolt of fresh economic prospects and the opportunity to pioneer an exciting new enterprise. The book is organized into the following chapters and sections: Introduction: Highlights of Illinois medical cannabis law Changing attitudes about cannabis as medicine New economic opportunities New risks for private businesses and employers Why this book is for you Regulation of the Medical Cannabis Industry: Adopting regulations Becoming a cultivation center or dispensary Four-year pilot program IL Department of Agriculture IL Department of Financial and Professional Regulation IL Department of Public Health Illinois State Police Cultivation Centers: Functions of a cultivation center One in every State Police District Location restrictions Security Growing operations Infused products and edibles Laboratory testing Packaging, labeling, and inventory Employees Principal officers and board members Applying to become a cultivation center Ongoing legal compliance Dispensaries: Functions of a dispensary 60 dispensaries, reasonably dispersed Market constraints Location restrictions Security Products and services for sale Interacting with patients and caregivers Employees Principal officers and board members Applying to become a dispensary Ongoing legal compliance Physicians and Health Care: Physician requirements Debilitating medical conditions Physicians written certification Physicians standard of conduct Legal immunities Physicians conflict of interest rules Cannabis use at health care facilities Becoming a Patient or Caregiver: Debilitating medical conditions Obtaining a physicians written certification Caregivers Applying for a registry identification card Grounds for denial Using the registry identification card Protection of confidential information Using Medical Cannabis Legally: Terms related to cannabis use Rules of possessing medical cannabis Rules of using medical cannabis Traffic safety Cannabis in the workplace Active duty officers and transportation workers Freedom from discrimination Immunities and presumptions Protections for Businesses, Landlords Universities: Employers Landlords Private businesses and places open to the public Universities

About the Author Author Bradley Vallerius is an Illinois attorney and consultant focused on issues created by Illinois Compassionate Use of Medical Cannabis Pilot Program Act. He helps businesses and individuals understand how they can prepare for-- and in some cases take advantage of-- the coming changes. Bradley manages the website, [www.MedicalMarijuanaLawIllinois.com](http://www.MedicalMarijuanaLawIllinois.com), where he blogs about the medical and recreational cannabis industries.
