Fascinating readBy Jon G.Although outdated, there are truths and philosophical inquiries in this book that are still relevant and important to modern society. After all, we have not yet figured out what makes a criminal and how to reform them. This book is an interesting read both from the tragic historical perspective and for what it still says about humanity, society, and politics.1 of 2 people found the following review helpful. prisonBy Zero Mooregood book, explains what the prison was like before I worked there. UnbelievableBy Julie DeatleyThis book tells of the Missouri State penitentiary by a woman who served time as a prisoner there. It is truly unbelievable the conditions and brutalities these prisoners indured. You will be shocked to read about the 13 months this lady served and her observations of the penal system.
