BackdahlVery important topic of our time. No matter what line of business... IT IS YOUR BUSINESS!0 of 0 people found the following review helpful. Five StarsBy CustomerAs advertised

In the fifth edition of *Intellectual Property in the New Technological Age*, luminary authors Merges, Menell and Lemley continue to offer broad, accessible coverage of the full range of legal protections for intellectual property. Including seminal and cutting-edge cases and materials, this landmark casebook incorporates practice problems that encourage students to think like practitioners. Timely and forward thinking, the authors of *Intellectual Property in the New Technological Age* offer:

- Complete coverage of basic and cutting-edge Intellectual Property law issues;
- An excellent selection of cases and materials;
- Practice problems that develop students' skills in applying the law;
- A law and economics perspective;
- Detailed treatment of new media issues, such as computer software;
- An introduction to biotechnology and the latest legal developments in the Statutory and Case Supplement;
- An Author Website with new cases and developments in IP law.

Updated throughout, the Fifth Edition offers:

- Revised patent materials that include the *Bilski* decision;
- Changes in patentable subject matter, obviousness, and the law of willfulness;
- New developments in digital copyright law and fair use;
- Trademark chapter revised to include dilution, merchandising, Internet keywords, *Rescuecom v. Google*, and fair use Software cases newly integrated into main chapters.
