Robert P. Merges, Peter S. Menell, Mark A. Lemley : Intellectual Property in the New Technological Age, Sixth Edition (Aspen Casebook Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Intellectual Property in the New Technological Age, Sixth Edition (Aspen Casebook Series):

2 of 2 people found the following review helpful. Best Companion Piece for Entertainment Law: Cases and Materials

in Established and Emerging Media (American Casebook Series) By Defamed Screenwriter in CAA must-read and must-have on any legal professional's library top shelf in 2015. Brings the 80s, 90s, millennial producer into the modern-day reality of evolving intellectual property and always fluid changing platforms and the laws racing to keep pace. A great companion treatise for Entertainment Law: Cases and Materials in Established and Emerging Media (American Casebook Series). 0 of 0 people found the following review helpful. Book is a little dated in my opinion written in ... By Customer Book is a little dated in my opinion written in 2012 but was the required reading for my course so had to have it. Other than that still has a lot of relevant information. Wish law books could be more straight forward for business students specifically. We only need the facts not all the case history issues that attorney's need which was also covered. Suited my needs for the class. 2 of 2 people found the following review helpful. I really enjoyed learning this course with its help during the past ... By Shopping expert Z Thank you for renting me this book. I really enjoyed learning this course with its help during the past semester!

Intellectual Property in the New Technological Age addresses the full range of legal protections for IP: trade secret, patent law, copyright law, trademarks/trade dress, state and federal intellectual property protections, protections for computer software, and a general overview of antitrust law. Top authors in the field integrate cases and materials with challenging practice problems to help students begin to think like practitioners, and their website provides continual updates. The text is deeply enriched by a law and economics perspective, giving students analytical tools to examine the subject in depth. The text is particularly strong on new media issues such as computer software. An annual statutory and case supplement includes an introduction to biotechnology as well a review of all the latest legal developments in IP. The Sixth Edition fully explores the America Invents Act (AIA), the most significant reform to the patent laws in 60 years. This includes a detailed explanation of the new "first inventor to file" priority and novelty rules; in-depth treatment of the new administrative procedures created by the AIA, including Post-Grant Review and Inter Partes Review; description of the new "prior user right" changes in the best mode defense; and other features of the AIA. Features covers the full range of legal protections for Intellectual Property trade secret patent law copyright law trademarks/trade dress state and federal intellectual property protections protections for computer software overview of antitrust law top authors in the field, teaching at schools known for a strong IP focus integrates cases and materials with practice problems to help students think like practitioners enriched by a law and economics perspective that provides students with analytical tools focuses on new media issues such as computer software annual statutory and case supplement introduction to biotechnology latest legal developments in IP Thoroughly updated, the revised Sixth Edition presents: complete coverage of the America Invents Act (AIA), the most significant reform to the patent laws in 60 years detailed explanation of new "first inventor to file" priority and novelty rules in-depth treatment of new administrative procedures created by the AIA, including Post-Grant Review and Inter Partes Review description of the new "prior user right" changes in the best mode defense, and other features of the AIA
