**Gary B. Born, Peter B. Rutledge : International Civil Litigation in United States Courts, Fifth Edition (Aspen Casebooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised International Civil Litigation in United States Courts, Fifth Edition (Aspen Casebooks):

0 of 0 people found the following review helpful. good bookBy one two threeExcellent book with the others I have on the subject. I recommend the book and the seller.0 of 0 people found the following review helpful. Two StarsBy CustomerThe condition was saying good but it is just acceptable. And the pages were not used well.0 of 0 people

found the following review helpful. Excellent for its use. By kjamador This book was really helpful in understanding international civil litigation and the strange shape that is "international" law. Straightforward, current, and pretty easy to understand I would look forward to a class that used this text.

Written by two leading scholar-practitioners in the field, *International Civil Litigation in United States Courts* offers a unique combination of excerpts of cases and materials, commentary, and detailed notes--in an accessible framework that integrates topics seamlessly. Much like the newly released edition of Mr. Born's *International Arbitration* casebook, this text promises to be the leader in its field. The Fifth Edition provides a thoroughly updated survey of the field, canvassing recent developments, such as the stream-of-commerce theory of personal jurisdiction, the immunity of government officials after *Samantar*, and the extraterritorial application of federal statutes after *Morrison*. Each chapter contains non-U.S. materials which support a comparative study of the topics covered in the book. *International Civil Litigation in United States Courts* features broad and inclusive coverage a manageable and transparent organization of topics extraordinary authorship that brings a wealth of experience in teaching and practice to every page integrated coverage of conflicts of laws enduring value as a reference source Updated throughout, highlights of the Fifth Edition reflect significant developments in the field: analyzes the most recent Supreme Court decisions in the field like *Samantar*, *Morrison* and the upcoming stream of commerce cases traces subsequent lower court activity following path breaking decisions like *Sosa* and *Intel* covers major legislative activity like the recent overhaul of the Foreign Sovereign Immunities Act even greater emphasis on comparative analysis of the topics covered such as jurisdiction, judgments and forum selection
