Krista Nadakavukaren Schefer : International Investment Law: Text, Cases and Materials, Second Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised International Investment Law: Text, Cases and Materials, Second Edition:

This fully revised and updated edition of *International Investment Law: Text, Cases and Materials* remains a complete and concise guide to the law of international investment protection and continues to approach the subject in an intuitive and balanced manner. New to this edition:- updates to include numerous new cases- completely reworked sections on standards of treatment- new QA section to capture practitioner views

Key Features:- Balance of cases and explanatory comment familiarises students with reading opinions and enables them to grasp the core concepts at stake.- Concise - suitable for one-semester course for non-specialists or as a first text for students who will take further specialised courses in the area.- Excerpts from the most influential arbitration decisions outline differing interpretations and ensure students don't learn in a theoretical vacuum.- Questions throughout encourage readers to come to their own opinions. This Textbook will be an invaluable teaching and learning tool for students of international investment law and other related disciplines.
