**From Tottel Publishing : International Succession Laws** before purchasing it in order to gage whether or not it would be worth my time, and all praised International Succession Laws:

Practical and accessible, it deals with: fixed rights of inheritance; recognition of trusts; treatment of lifetime gifts; recognition of foreign wills; and recognition of foreign taxes. As more countries are added with every update, this looseleaf has become the primary source of information for anyone encountering deals or situations featuring foreign succession laws. Each country's entry contains information on their particular fixed rights of inheritance, formalities and tax issues, as well as issues and matters of succession law pertaining to that particular country.
