From Family Law : International Trust and Divorce Litigation: Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised International Trust and Divorce Litigation: Second Edition:

This fully updated second edition is an invaluable source of detailed information in respect of international trusts, viewed in a divorce law context. The book provides a readable yet authoritative analysis of such topics as forum

shopping, conflicts of law, enforcement, and asset protection legislation. International Trust and Divorce Litigation is an indispensable practical guide for offshore lawyers, trust companies, private bankers, and matrimonial lawyers who represent high net worth clients. Contents include: an overview and explanation of trusts * jurisdiction for divorce and trust matters and applicable law * English asset division on divorce * trusts vulnerable to the impact of divorce orders * non-divorce lines of attack on trusts * practice and procedure for divorcing spouses and trustees * international enforcement issues relating to trusts.
