Joshua B. Hill, Nancy E. Marion : Introduction to Cybercrime: Computer Crimes, Laws, and Policing in the 21st Century (Praeger Security International) before purchasing it in order to gage whether or not it would be worth my time, and all praised Introduction to Cybercrime: Computer Crimes, Laws, and Policing in the 21st Century (Praeger Security International):

0 of 0 people found the following review helpful. Five StarsBy Lesley FannonCollege Requirement

Explaining cybercrime in a highly networked world, this book provides a comprehensive yet accessible summary of the history, modern developments, and efforts to combat cybercrime in various forms at all levels of governmentinternational, national, state, and local. Provides accessible, comprehensive coverage of a complex topic that encompasses identity theft to copyright infringement written for non-technical readers Pays due attention to important elements of cybercrime that have been largely ignored in the field, especially politics Supplies examinations of both the domestic and international efforts to combat cybercrime Serves an ideal text for first-year undergraduate students in criminal justice programs

About the AuthorNancy E. Marion, PhD, is professor of political science at the University of Akron.Joshua B. Hill, PhD, is assistant professor of criminal justice and security studies at the University of Southern Mississippi.
