**Kim Talus : Introduction to EU Energy Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised Introduction to EU Energy Law:

Offering an introduction to students on the most essential elements of EU energy law and policy, this volume will be

the go-to text for those seeking knowledge of EU energy regulation and its objectives, as well as an overview of energy law. Specific topics will cover the content of sector-specific energy regulation, the application and impact of general EU law on energy markets, third party access, unbundling, investment in cross-border networks, energy trading and market supervision, the application of general EU competition law on energy markets, the impact of free movement provisions, and the application of state aid rules. A structured, step by step guide through the fundamental areas of EU energy law.

About the Author Kim Talus, Professor of European Energy Law, UEF Law School, Kim Talus is a Professor of European Economic and Energy Law and the Director of the Centre for Climate Change, Energy, and Environmental Law at the University of Eastern Finland Law School. He is also a Professor of Energy Law at the University of Helsinki. His research and other activities focus on international, comparative, and European energy law. He has published widely in these areas and is a frequent speaker in international conferences. He has held teaching positions at University College London, University of Houston, and Bonn University. He is the Editor-in-Chief for Oil, Gas, and Energy Law and a member of the Editorial Board for Journal of World Energy Law and Business.
