I bought and read it without any prior experience in legal matters or while being enrolled in a college course, The chapters covered the basic disciplines that lawyers and paralegals specialize in. I now have a much better idea about which law courses I'd like to enroll in.0 of 0 people found the following review helpful. FairBy Karina EnriquezIt came at expected time. It didn't come in original wrapper and not sure if this was indeed a new copy. I believe it was a like new never opened book. But I purchased at this higher price expecting a new copy0 of 0 people found the following review helpful. Three StarsBy GI Joeexcellent

p bIntroduction to Law for Paralegals/b covers not only the theory but also the practical aspects of every day legal practice. This text prepares students for the transition from classroom to courtroom, offering balanced coverage of

procedural concepts along with an introduction to specific areas of the law. /p p **Features that have made this text a favorite include:**

- devotion to **practical applications**, such as legal research, ethics, trials, and appellate issues as well as **substantive legal issues**, ranging from personal injury and contracts to intellectual property
- clear, engaging writing style
- emphasis on practical skill acquisition which is discussed in conjunction with substantive legal issues
- broader-friendly design, with marginal definitions of key terms and phrases, inset boxes that explore various concepts, and chapter features such as **Skills You Need in the Real World** and **Issues at a Glance** that encapsulate important concepts. The text also includes numerous examples, figures, tables and hypotheticals to help students understand various legal issues and make effective use of different student learning styles
- excellent end-of-chapter activities, with chapter summaries, review questions, discussion questions, web references, ethics discussions, suggestions for further reading, sample documents, and personality quizzes that help students determine what area of the law is right for them
- shorter length and level of material makes this text the perfect choice for Associates level paralegal courses

New to the Second Edition:

- new developments and new case law
- more in-depth coverage of substantive law areas
- more coverage of computer technology in the law office

The book is part of a comprehensive instructional package that includes PowerPoint slides and an extensive Instructors Manual featuring:

- sample syllabi
- information on teaching strategies
- chapter-by-chapter resource information
- answer keys for all discussion questions and Internet assignments
- detailed suggestions for additional assignments
- a Test Bank of exam questions available in both the Instructor's Manual and on CD-ROM
