**Katherine Currier : Introduction to Paralegal Studies: A Critical Thinking Approach, Fifth Edition (Aspen College)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Introduction to Paralegal Studies: A Critical Thinking Approach, Fifth Edition (Aspen College):

1 of 1 people found the following review helpful. Introduction for Paralegals By Lotsopop Great book for an introduction into tasks that a Paralegal may face in his/her professional career. Book does not go into depth for many topics, but introduces it briefly- hence why it is an introduction. Good book to read about if you're interested or want to know more about the Paralegal profession. 0 of 0 people found the following review helpful. ... book for a paralegal class and it was VERY good writing for the new paralegal By R.D.I had to use this book for a paralegal class and it was VERY good writing for the new paralegal. The book was actually better than the teacher. I believe this author

writes from the perspective of someone who has no knowledge of being in law and takes you step by step into the process of becoming a paralegal. 7 of 7 people found the following review helpful. Great introBy PrincessaReally liked reading this textbook way ahead for class, it's easy to understand and straightforward. Makes me think twice about reselling it.

This comprehensive, intelligent overview covers all the key concepts addressed in a typical introduction to paralegal studies course and teaches students the basic skills necessary to understand statutes and court cases. The carefully organized, accessible text combines an introduction to law and legal concepts with practical information about what paralegals actually do in the legal system. A critical thinking approach introduces students to the study of law, encouraging them to interact with the materials through hypotheticals, examples, and well-designed questions. Introduction to Paralegal Studies: A Critical Thinking Approach is divided into four parts, reflecting the progression of an introductory course: Part I: Paralegals and the American Legal System; Part II: Substance of the Law; Part III: Legal Analysis and Research; Part IV: Paralegals and the Work World. Strong pedagogy includes ethics alerts, marginal definitions, Internet references, and legal reasoning exercises throughout the book. An excellent ancillary package is available to instructors, with a comprehensive Manual, in-depth test bank, and PowerPoint slides. The Fifth Edition features new developments incorporated throughout the text. New web exercises as well as new and updated assignments bring the text up to the minute. The chapters on Statutory Law and Court Opinions have been edited for greater clarity and comprehension. Features: comprehensive, intelligent overview of all the key concepts covered in a typical introductory course combines legal concepts with practical information about what paralegals actually do critical thinking approach introduces students to the study of law encourages interaction through hypotheticals, examples, and well-designed questions divided into four parts, reflecting the course Part I: Paralegals and the American Legal System Part II: Substance of the Law Part III: Legal Analysis and Research Part IV: Paralegals and the Work World teaches basic skills necessary to understand statutes and court cases strong pedagogy and well-organized format ethics alerts marginal definitions Internet references legal reasoning exercises throughout the book excellent ancillary package comprehensive Instructor's Manual in-depth test bank PowerPoint slides Thoroughly updated, the revised Fifth Edition presents: new web exercises new developments incorporated throughout this edition new and updated assignments chapters on Statutory Law and Court Opinions edited for greater clarity and comprehension
