There is a huge amount of information in this text. It is almost 900 pages with small print. It takes a long time to complete a chapter. However, it is easy to understand and it comes with a DVD full of questions to take at the end of each chapter to measure how much you retained and it will give you a grade in percentage points. If you are interested in going into the paralegal business, then this is an excellent book to give a good introduction to the field. 0 of 0 people found the following review helpful. Very thorough! By rianne0721 Extremely thorough book. Glad I had it to help me understand the concepts in my class. I rented it, but will end up buying it as it has so much more information than I could possibly remember and I'll use it as a reference. 0 of 0 people found the following review helpful.
