Pamela Riddle Bird : Inventing For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Inventing For Dummies:

3 of 3 people found the following review helpful. Four StarsBy KeriEasy to read, straight forward advice for anyone interested in the business side of inventing.3 of 3 people found the following review helpful. So it's got me like..By Candi's DreadlocksThis book explodes with information. But it doesn't walk you through step by step. You can kinda start anywhere in the book. So it's got me like... Ok ... Where do I start. I had to do some other research to figure that out. But I'm glad I purchased it.0 of 0 people found the following review helpful.
