George Tam : Inventor's Notebook before purchasing it in order to gage whether or not it would be worth my time, and all praised Inventor's Notebook:

0 of 0 people found the following review helpful. Thanks for making such a great book to use and its easy to follow
By Kelly Hopkins
Very informative! Thanks for making such a great book to use and its easy to follow
0 of 0 people found the following review helpful. My budding scientist/inventor loves it!
By J. Petrini
Great for creative minds to keep their thoughts. It has "graph paper" pages for drawings and diagrams, as well as places to write steps about your invention
0 of 0 people found the following review helpful. Five Stars
By Christopher Lee
Very useful
