Kalman A. Barson : Investigative Accounting in Divorce (Family Law Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Investigative Accounting in Divorce (Family Law Library):

10 of 11 people found the following review helpful. Best book ever seen on this topic!By A CustomerI recently joined a new accounting firm and one of my first cases was to do a thorough financial investigation for a wealthy client going through a difficult divorce. I purchased this book and couldn't believe how much detail and information was provided--everything I needed to refer to and more. The perfect book for reference. I'll keep it on my bookshelf for the life of my

career.

One of the most critical aspects of any divorce proceeding is the distribution of property and the determination of support. It is therefore critical for each party to know the extent of the income of the other spouse and the assets and their value. The responsibility of determining these issues falls to the accountants. This one volume work explains the work of the accountant in researching and investigating marital assets and income in language understandable to the lawyer.

From the Publisher An outstanding one-stop resource that explains the work of accountants in researching and investigating marital assets and income, using language understandable to attorneys. Details all aspects of the balance sheet and discusses litigation and negotiation reports. Describes a successful collaboration between accountants and lawyers. Includes a wealth of sample worksheets, forms, and checklists. From the Back Cover A new revised and updated edition of an indispensable classic This updated Second Edition of *Investigative Accounting in Divorce* provides a solid grounding in every aspect of investigative accounting services in divorce proceedings. It provides a broad overview of the process of evaluating the true financial worth and cash flow of parties in a divorce while also discussing the working relationship between the accountant and the attorney. In addition, it offers divorce accountants detailed coverage of all the most important methods and approaches to the distribution of property and the determination of financial support. It provides guidance on the investigation, uncovering, and documentation of unreported income and includes a wealth of sample worksheets, forms, and checklists appropriate in a variety of situations. Also included are tips on valuation of both client and adversarial assets and on writing valuation reports. All the information divorce accountants need in order to execute their duties is provided including guidance on trial and pretrial negotiations, dealing with clients, documents and documentation, economic and tax issues, balance sheets, expenses and fees, alimony and support, and post-divorce services. *Investigative Accounting in Divorce, Second Edition* is the most comprehensive and up-to-date resource available for accountants involved in divorce actions.
