Sheila Nielsen : Job Quest for Lawyers: The Essential Guide to Finding and Landing the Job You Want before purchasing it in order to gauge whether or not it would be worth my time, and all praised Job Quest for Lawyers: The Essential Guide to Finding and Landing the Job You Want:

2 of 2 people found the following review helpful. The most beneficial tool throughout my entire job search!By Greg B.This book was by far the most beneficial tool throughout my entire job search. Sheila Nielsen takes a very proactive approach in guiding you through the entire job search process. She goes beyond "traditional networking" and takes a

deep dive into the challenging tasks such as asking for an endorsement and how to identify important contacts to help get you to the hiring manager. The concepts in this book apply to anyone looking to make their next career move. Upon reading the book, I felt instantly inspired and motivated to follow Sheila's advice to land my next job. 1 of 1 people found the following review helpful. Attorney Job Search Meets Role Playing Game By Colin Kawaguchi It is useful to conceptualize finding a job through networking as a "quest" because much of the journey is tedious and involves overcoming obstacles. This book is an excellent guide to networking in the legal profession. A few drawbacks: (1) the book is expensive (I paid over \$40) (2) limited guidance for lawyers without clear interests Since this book's methods will become more useful as I gain more experience and skills as an attorney, I look forward to applying its lessons throughout my career. 2 of 3 people found the following review helpful. Good only for the totally clueless. By Robert Read the book and came to the conclusion that it is a good resource if you have no idea what you are doing and have no grasp of the term "networking". The book in a nutshell is "go out and network".

This book provides step-by-step guidance that finally makes networking inspiring instead of a chore. The "quest" motif applies to each stage of the job search. The book demystifies networking by including illustrations from the author's own experiences and from the stories of her clients that provide examples of the real world do's and don'ts of how to conduct a productive job search.
