From John Hartson : John Hartson: Creating Effective Parenting Plans : A Developmental Approach for Lawyers and Divorce Professionals [With CD] (Paperback); 2007 Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised John Hartson: Creating Effective Parenting Plans : A Developmental Approach for Lawyers and Divorce Professionals [With CD] (Paperback); 2007 Edition:

2 of 2 people found the following review helpful. Helping Children Cope with DivorceBy Kristine TurnerThis book provides examples of parenting plans and defines what is needed at different age levels. As children mature their parenting plans may need to change. This book provides plans as well as justification behind the plans created. In conjunction with The Guide to a Smart Divorce, I found this information very helpful.9 of 10 people found the following review helpful. Excellent referenceBy Noeinsteini do child custody mediation and evaluations. I find this book very helpful. The authors present suggested parenting plans in the context of the developmental tasks of children at different ages. Their rationale for parenting plan recommendations at each age is presented along side the thinking of several other acknowledged experts, which I find most helpful. The appendices are also terrific. These authors have packed a great deal of very relevant work into a small volume that is well worth the price.

Will be shipped from US. Used books may not include companion materials, may have some shelf wear, may contain highlighting/notes, may not include CDs or access codes. 100% money back guarantee.
