Robert E Conot : Justice at Nuremberg before purchasing it in order to gauge whether or not it would be worth my time, and all praised Justice at Nuremberg:

3 of 3 people found the following review helpful. Better in some respects than the movie on the trial. By M. L. Graham This is much better than the fictionalized movie on the trials. It names names and gives a slug fest, free-for-all description of the trial. That's not to say that the movie is a dud. I have it too and like it a lot. (There are lots of stars

who make long cameo appearances in that movie.) 2 of 2 people found the following review helpful. SUCH a good book. I'm slowly working on reading it By A. Boyd SUCH a good book. I'm slowly working on reading it, little by little, and every page is full of interesting information, tidbits and stories about the Trials. 0 of 0 people found the following review helpful. Most of the book detailed the various atrocities that took ... By Fred F. Rother Most of the book detailed the various atrocities that took place during the war that I had hoped not to have to be exposed to again. The rest of the book finally explained the penalties imposed and the actual execution of the top Nazis. Don't read this book prior to going to bed! Well written, though.

Here, for the first time in one volume, is the full story of crimes committed by the Nazi leaders and of the trials in which they were brought to judgement. Conot reconstructs in a single absorbing narrative not only the events at Nuremberg but the offenses with which the accused were charged. He brilliantly characterizes each of the twenty-one defendants, vividly presenting each case and inspecting carefully the process of indictment, prosecution, defense and sentencing.
