Joan Jacobs Brumberg : Kansas Charley: The Boy Murderer before purchasing it in order to gage whether or not it would be worth my time, and all praised Kansas Charley: The Boy Murderer:

0 of 0 people found the following review helpful. A fascinating read!By S. DemoThis is a fascinating history of the troubled childhood of Charles Miller, and how his early life experiences brought him to this tragic end. Brumberg's research is presented in such a way as to pull you into the story, much like reading a novel. This book offers a sympathetic view of Kansas Charley, and makes a solid case for the argument against the death penalty for juveniles.

This was a terrific read and I highly recommend it!

Most Americans regard kids who kill as a modern phenomenon, but the tragic tale of Kansas Charley shows that violent boys are a long-standing problem. Charles Miller was a seventeen-year-old orphan who was hanged in Wyoming in 1892 for a horrific double murder committed when he was only fifteen. This true story takes us into a world of poverty and abuse, revealing the people and places that shaped Charley's behavior, his crime and his punishment. The author brings to life a thought-provoking chapter in the history of the juvenile justice system.

From Publishers Weekly ...Brumberg's scholarship is impressive...Without excusing Miller's crime, Brumberg uses his story to advance an argument against the juvenile death penalty—a divisive issue that continues to be debated in American courts.
