The book is written with clarity for those with some knowledge of trusts as well as those new to trusts. Mr. Warda also includes the actual Florida Trust Statutes which become understandable after reading the book! I set up my first Florida Land Trust with the first version of this book and it's forms. Land trusts can be used as a way to ensure your privacy, a means of avoiding probate, and an easy way to manage property. *Land Trusts in Florida* is the only book on the market for the state of Florida that explains this all-around great tool in user-friendly detail. Among the essential information included are all of the forms necessary to set up a land trust and explanations of all of the pertinent Florida and federal cases.

From the Author This 9th edition of the book was replaced in October, 2013 by the 10th edition. The new publisher is Galt Press, it should be on soon.
