**David Swendsen : Last Breath** before purchasing it in order to gage whether or not it would be worth my time, and all praised Last Breath:

Last Breath is a book about the illegal and disreputable practice of using young girls, some as young as eight years old, who are taken off the streets to become forced sex slaves in a series of Northeastern U.S.prostitution houses. The

scenes and enforcement investigations of this operation shift to as far as South and Central America.
