**Made E-Z Products : Last Will Testament Kit** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Last Will Testament Kit:

Have you made your will? Without a will, the state-not you-determines who will inherit your hard-earned property, care for your minor children and even administer your estate. Now, with the Last Will Testament Kit, you can safely, easily, and inexpensively prepare your own will. In just a few moments you can have a legally enforceable will allowing you-not the state-to make those important decisions affecting your property and family. Valid in every state,

the Last Will Testament Kit, contains everything you need to prepare a professionally designed will.
