John Ventura : Law For Dummies? (For Dummies (Lifestyles Paperback)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Law For Dummies? (For Dummies (Lifestyles Paperback)):

6 of 7 people found the following review helpful. Would be great for a young teen
By Jessica I have loved all of the "For Dummies" books because they are elementary enough for the average mind to understand but still have content that is mentally stimulating and educational. Unfortunately, this book was written too basic and it is mainly just very vague reviews of general laws or common sense topics. It is something that a young teen or middle school student would read to get a general idea of how the real world works but that's about it. I am finishing my undergrad and was considering law school so I thought this book would provide some insight but I ended up very being very disappointed. I won't go through the hassle of returning it since it was so inexpensive but I regret purchasing it.

By saminatlanta It's a basic book with good information. Quick and easy to read which is an entrance to law studies

which entail more learning.0 of 0 people found the following review helpful. Good general intro to LawBy CustomerThe author gave a great overview of American Law for a complete novice like myself. Some aspects of law are dated (like gay marriage for example...this is before the Supreme Court ruling). However, many everyday legal matters that we may or may not encounter are communicated in lucid detail for a person to prepare adequately for them.

Do you know your legal rights and responsibilities if you're buying or selling a home, applying for a job, or getting a divorce? Are you baffled by the legalese used in contracts, insurance policies, warranties, and other documents? If you want to protect both yourself and your family from the many legal problems that have become commonplace in today's society, you don't need a law degree—all you need is a basic understanding of the law. Whether you're a consumer, employee, or small business owner, *Law For Dummies* will help you discover your legal rights, responsibilities, and obligations in a wide range of areas. Best of all, this friendly guide will also improve your understanding of how to use laws without resorting to attorneys! You can use this book to answer specific questions about the law as it relates to particular areas of your life or you can use it as a guide to low-cost or no-cost sources of legal advice, including government agencies and nonprofit organizations. *Law For Dummies* is packed with the tools and resources you need to make informed legal decisions. You'll become familiar with a variety of laws that can affect you personally—from retirement, health care, and housing laws to personal finance, employment, divorce, and privacy laws. You'll also discover how to: Make sense of the U.S. legal system Resolve legal problems as quickly as possible with a minimum amount of money and stress Correct errors on your credit report Prepare wills and other legal documents Avoid legal hassles when running a business Protect your rights at work Collect child support If you're like many Americans today, you probably feel overwhelmed by the rules, regulations, and red tape that seem to govern and complicate every aspect of your daily life. With *Law For Dummies* you can boost your legal know-how and solve a number of everyday legal problems that may come your way.
