Unfortunately, when it arrived, the set did not included the flash cards for Contracts (instead included the cards for Secured Transactions). I was able to get a replacement set immediately, but it also did not have the Contracts' flash

cards (and again included Secured Transactions). I have given up trying to get Contracts in this set and bought them separately. Otherwise, I would have given this 5 stars. They are a great product, very helpful in preparing for finals. Just wish the set included Contracts as was advertised. 0 of 0 people found the following review helpful. awesome. cant live with out them By Michael matthews awesome. cant live with out them.
