Steven Emanuel, Lazar Emanuel : Law in a Flash: Professional Responsibility/Mpre (Liaf) before purchasing it in order to gage whether or not it would be worth my time, and all praised Law in a Flash: Professional Responsibility/Mpre (Liaf):

15 of 16 people found the following review helpful. Outstanding MPRE Study MaterialsBy Mark AJust got my MPRE scores today in the mail-128! Like the other reviewers I can't say enough about these cards. They are all you really need in order to get a passing score in any jurisdiction on the MPRE's. My only criticism is that it took me a bit longer to go through the cards than the intructions indicated, and since I was practicing full-time, I definitely didn't have the time to review every card two or three times as suggested. Basically, I went through all of the cards during the four week period leading up to the test, saving the last week for test practice. I used the other Emanuel's "Strategies..." book for this (it has 150 sample questions), but if I had to do it again, I'd probably pick up actual past MPRE tests that the examiners make available. At least on my actual MPRE test, none of the questions seemed similar to the ones in the Emanuel's "Strategies" book. Good Luck!5 of 6 people found the following review helpful. HIGHLY RECOMMEND FOR MPRE PREPBy Lisa M. BrownleeI am just over 1/2 through the cards, and want to highly recommend them for MPRE prep. I had a concern with the answer to one of the fact scenarios, and after pleasant and prompt correspondence with Aspen (publisher), learned that an answer directly inferred from a reading of the Model Rules (including Preamble) and Commentary was in fact wrong -- only known by a comparative analysis of the old code with the new Rules. Kudos to Aspen for this depth of knowledge, as well as great service! The scenarios are

sufficiently entertaining to avoid boredom, a feature that also greatly aids in retention.0 of 1 people found the following review helpful. Great prep for the MPREBy Barry RyanI scored 126 using this and the Strategies book. I read all the cards twice over a 4 week period and used the sample questions in the book as practice. I did not attend an American law school or take a course on professional responsibility at any time before taking the exam. I found the book good as an introduction to the style of the examination but the cards really cover all you need to pass in style.
