Patricia King, Judith Areen, Lawrence Gostin : Law, Medicine and Ethics (University Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Law, Medicine and Ethics (University Casebook Series):

0 of 0 people found the following review helpful. GoodBy C. LaneNot much to say about this...as it is a textbook. Does a good job of laying out interesting facts and cases.

This reader is a spin-off publication from Law, Science and Medicine, Third Edition. It offers an interdisciplinary perspective on ethical and moral questions raised by medicine and introduces undergraduates to the manner in which law and policy shape societys views on birth, death, human experimentation, reproduction, use of genetic information,

and beyond.
