**William Gregory : Law of Agency and Partnership (Hornbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Law of Agency and Partnership (Hornbooks):

1 of 1 people found the following review helpful. RecommendedBy H. PrietoGood treatise of the law of agency and partnerships.

Explains basics essential of agency and partnership law, including recent developments. The Revised Uniform Partnership Act (RUPA) has been adopted by about half of the states, and other developments, such as the Limited Liability Partnership (LLP), have significantly changed partnership law and are reviewed in this work. New entities

such as the Limited Liability Limited Partnership (LLLP) and the Limited Liability Company (LLC) have also arisen in the last decade. Basic agency concepts have been persuasive in shaping the development of statutory liabilities, especially in the area of sexual harassment, and the influence of agency law will only increase in the coming years, as work proceeds on the Restatement (Third) of Agency.
